
Impact Giver – Screening Tool

Dear Prospective Impact Giver,

Congratulations on getting this far. You may have felt the desire to give of your time and energy or *thought* about doing so but are not so sure how or whether you have come to the right place.

This tool is to help you determine if St Joseph's Home is indeed the best place for you. As you consider a commitment to invest yourself in our projects, please also discuss your decision with your family and other important people in your life.

If you are considering to volunteer as a group, whether with your colleagues, friends, fellow school/church mates etc, please also have as many of your members complete this form.

Once completed, please proceed to review the contents in the Application Form on our website.

We look forward to welcoming you to our family at St Joseph's.

1. I know the difference between nursing homes and other type of eldercare services and am aware of the resident profiles of nursing homes vs other types of services.

Yes Please list 2 differences: _____

No Please refer to the links below for more information before continuing with the rest of this form.

- [Ministry of Health](#)
- [Agency for Integrated Care](#)

2. Given our resident profile and to ensure both their and your experience at our home is as meaningful as possible, our application process may take a little longer than usual. Typically, this might require you to make at least 2 trips to our home for the pre-selection interview and training programme. **Are you ok with this?**

Yes Please continue with the rest of this form.

No Please refer to our ad-hoc volunteering opportunities in the list of impact giving opportunities.

3. Volunteers (we call them 'Impact Givers') will need to own, manage and develop specific projects for and with our residents, and as such, must commit to either a minimum 8 hours of service a month for at least 6 months or complete 2 major impact projects a year – impact projects are defined as projects that the home requires help in, but which it does not have the expertise e.g. review / drafting of the home's legal

Impact Giver – Screening Tool

policies / procedures. The outcome of such projects must substantially benefit the home. ‘Substantial benefit’ will be determined by the home. **Are you willing to commit to either of these 2 volunteering schemes?**

- Yes Please continue with the rest of this form.
- No Please refer to our ad-hoc volunteering opportunities in the list of impact giving opportunities.

4. Many volunteers are keen to interact with our residents and to ‘befriend’ them. However, as with any meaningful relationship, this takes time to develop. **Are you willing to commit the time to see it through?**

- Yes
- No

5. Please tell us a little more about yourself. Tick the circles that apply.

- I like getting to know people by listening to them.
- I am a patient person by nature
- I prefer 1-on-1 interaction than a group setting
- I have many ideas that I would like to try out
- I prefer to lead than to follow
- I am resourceful and resilient

6. Please share about your past volunteering experiences.

- I have no prior volunteering experience
- I have volunteered previously. Please share where and what you were doing:

7. Why do you want to volunteer with St Joseph’s Home?
